Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative pointed out figure 1 of Childer and the figure 3 of Siwinski. Even the memory of Siwinski is provided on the ink bag but the pocket 70 of Childer does not go all the way through the housing, therefore the pocket cannot expose the memory. The Examiner clearly understood this statement and will be further consideration.
